Company Name:
Tiara Label

Company Description:
We are a fashion company that sells modern jeans. Our items are made with sustainable materials and are shipped directly to your home. Our target audience is parents. We want to convey a sense of comfort, while at the same time being inexpensive.

Job Description
You must create a website that will mainly provide customer support for the company. The goal is to make the website easy to navigate. Besides the landing page, the website will need a information page, shop page and a terms of service page. The landing page should have a Contact Us section. There should be a call to action to get users to follow the company's social media. They would prefer a luxurious design, and would like you to use the brand color, which is orange. Take into account the client's preferences and values.
